Summary

I am an aspiring software engineer student with an intermediate level of experience, eager and enthusiastic to embark on a journey of continuous learning and growth. Looking for an internship.

Work Experience

It Onsite Technician(Internship), Hemmersbach (Internship), Finland
April 2023 - July 2023

In my role, I was responsible for providing deskside support, Handling tasks related to installs, moves, adds, and changes (IMAC) Monitoring operations effectively Identifying and resolving incidents and problems offering technical support and break-fix solutions and managing software re-imaging processes. Establishing network connectivity within the site, Assisting in Disaster Recovery support activities as required at supported sites. Supporting office equipment functionalitiesManaging and maintaining conference room equipment

Software Engineer, Cmn (Freelance)
November 2023 - Present

I created a website portfolio to showcase my skills in front-end development as a software engineering student. On the website, I display both my completed and upcoming projects, share details about my experience, and provide ways to contact me. This website serves as a dynamic CV and a means for potential employers to get to know me better.

Military Service

Kenttätykistö Valmiusyksikkö Karjalanprikaati
January 2019 - December 2019

Having completed your mandatory military service at the Kenttätykistö Valmiusyksikkö (Field Artillery Readiness Unit) in the Karjalan Prikaati (Karelia Brigade), I have undergone a unique and challenging journey that has significantly contributed to my personal and professional development.
